

Service Information

1300 numbers are non-geographic business numbers that can be dialled by the caller at the cost of a local call. 1800 numbers are non-geographic business numbers that can be dialled by the caller at no charge for the caller. International numbers are virtual numbers in various geographical locations that are routed to your phone system via the internet and allow callers to dial the number within their geographical area. Calls are then directed using our Hosted PBX, following the call flow you configure. Incoming calls can be answered on a VoIP-compatible device (requires Hosted PBX or SIP Trunk service) using your internet connection or diverted to an external service number.

Included features

A full feature set is included; IVR menus, call queues, ring groups, voicemail to email, time-based routing and call recording to email and more. We constantly expand our feature set, view the complete feature list [here](#). Customers have access to an online portal to configure their hosted PBX service call flow and check usage information.

Limitations

- 1300 and 1800 numbers cannot be dialled from outside of Australia. We recommend using a geographical number for your overseas customers.
- 1300 and 1800 numbers cannot be used as caller IDs within Australia.
- 1300 and 1800 numbers are not SMS enabled.
- 1900 numbers can not be configured as an external answering point for 1300 and 1800 numbers.

A porting rejection fee of \$55 may apply if a rejection occurs due to incorrect information provided by the customer.

Call diversions

For 1300 and 1800 services, there are no extra charges for call diversion to Australian local, national or mobile numbers. Excluding satellite phone numbers. For usage that involves Hosted PBX Services, diversions from a user object are charged at the same rate as outbound calls for the user's selected plan. Diversions to another 13/1300 number are 25c per call untimed. Diversions to other destinations, including overseas, are charged per the selected call plan.

Additional pricing information

Minimum term: one month. Call plans have rounding of three decimal places, no flag fall or minimum call costs, no exit fees or early termination fees, and no set-up fees with no requirement to bundle anything with this service. There is a \$55.00 activation or porting fee applicable per 1300/1800 number. Activation fees can be waived during promotional periods as published on our website.

International pricing information

International number activation and number porting fees vary. [International rates](#) are subject to change without notice and are charged in 60-second increments.

Billing information

Services are supplied on a prepaid basis by default. New monthly subscription services are charged to the account balance on a pro-rata basis from the service start date till the end of the month. After this, your monthly subscription is charged at the start of each month. Call charges that are not included in or unlimited are charged to the account balance at the end of each call, making it possible for the account balance to go negative or below the assigned credit limit. Services unsubscribed during a billing period are non-refundable. We recommend setting up automatic payments via our customer portal. Pre-paid billing requires you to maintain a positive account balance at all times, the service will be restricted automatically if you fail to maintain a positive account balance. Post-paid billing is available on request at the discretion of VoIPcloud. We invoice you at the start of each month and provide 14-day payment terms. A security deposit equal to one month's usage is required; if subscriptions and call charges increase over time VoIPcloud may request an increased security deposit to extend your post-paid billing credit limit. Non-payment and service suspension charges apply to post-paid billing accounts only. If your bill is overdue for over 7 days your account will be charged a \$15.00 late payment fee. If your bill is overdue for over 30 days your

account will be suspended and if your account is restored a \$50.00 suspension fee upon restoration.
